The Three Stakeholders

We believe that both our strategy and our objective should be to support the three stakeholders in our business:

Our responsibility is to keep these three stakeholders in balance - (avoid conflicts) and to ensure that each of their interests is safeguarded.

Our Strategy and Objectives

- Increase FuM from long term institutional investors
 - City of London's client base is, and always has been, overwhelmingly institutional
- Outperformance
 - Our job as an active manager is to add value over and above a relevant benchmark through an investment cycle which we define as four to five years
- Keep costs down
 - We keep costs down because we believe that the assets over which we provide stewardship are, by definition, not ours but are owned by CLIG shareholders
- Retain Staff
 - As shareholders would expect, in a firm that has always used a partnership approach, there is a very long term view taken regarding remuneration
- Remain open in our dealing with shareholders, available and accountable
 - · We recognise that our shareholders (as well as our clients) have trusted us with their money

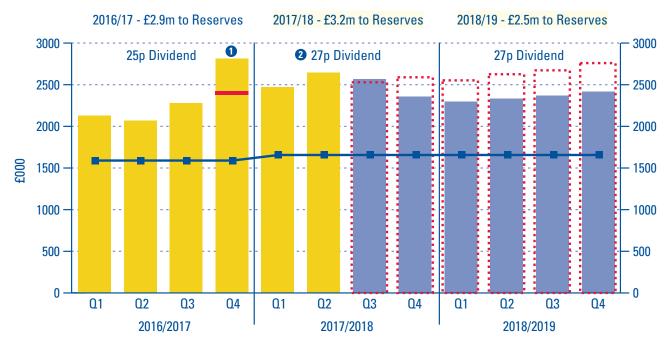

Employee Incentive Plan (EIP)

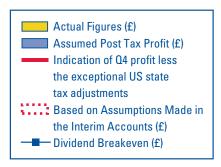

- It is an all employee plan, consistent with CLIG's team approach
- Strong employee take up, ~60%
- Shares will be purchased in the market, no dilution
- lt is linked to the Group's risk adjusted profitability, hence performance related
- Will result in variable pay of cash and deferred shares
- Participation capped at 20% of individual annual bonus (may increase to 30% if headroom)
- Company will match participation
- Company contribution capped at 5% of pre-bonus, pre-tax operating profit until 2019/2020*
- ► Thereafter the awards will fall within the 30% profit-share limit
- Awards of Restricted Shares (RSAs) will be granted after final dividend for the year
- RSAs will vest 1/3 each year over a three year period
- Awards that vest attract a dividend equivalent payment related to vesting period
- Termination before normal vesting date:
 - RSAs funded by waived bonus to be repaid at the lower of: value at date of grant or date of forfeiture
 - Company funded shares are forfeited upon termination except "good leavers" receive a pro-rated amount
- Clawback the same as applicable to bonus

*Only in a year where the results support a minimum dividend payment of 24p
